

Logo Usage Rules

MERIDIAN GOODS & SUPPLY

Permitted and prohibited applications of the Meridian mark.

1. Permitted

Full-colour logotype on white or on Sage tints below 20%. Mono dark on light photography. Mono light on Deep Pine, or on imagery darker than 40% luminance.

2. Prohibited

Do not rotate, outline, add shadow, recolour outside the approved palette, place over busy imagery, or reconstruct the wordmark in a substitute typeface.

3. File formats

SVG for all digital use. PNG at 1200 px width where vector is unavailable. Request EPS from brand@meridian.example for print production.

4. Co-branding

Partner marks sit to the right of the Meridian mark separated by a hairline rule, both optically balanced to the same cap height.

5. Approval

Any application not covered here needs sign-off from the brand team before it goes to print or to a live surface.
